Air Quality Forecast for the UK

Issued by the Met Office

Today: Air pollution levels will remain predominantly Low across the UK, although a few areas of Moderate air pollution are likely, mainly across Orkney and Shetland

Tomorrow: Air pollution levels are expected to remain largely Low on Sunday. However, the warm and sunny conditions may give areas of Moderate air pollution across western areas of the UK in particular.

Outlook: Little change with Low air pollution overall. Some Moderate levels of air pollution may persist across some areas, as a result of the warm and sunny conditions.
